A Solenis Company

IntelliPool

ADVANCED SYSTEM AUTOMATION
FOR SWIMMING POOLS

Why IntelliPool?

Continuous Excellence Pool Visual :
Maintains pool quality & visual excellence 24 hours a day regardless of weather conditions or occupancy levels, ensuring guests safety & experience.

Real-Time Water Quality Monitoring :
Real-time 24/7 monitoring has greatly improved consistent maintenance of optimal water conditions.

Enhance Hotel Sustainability :
Improve their sustainability checklists by saving water & energy, and utilizing environmentally friendly Diversey chemicals.

Cost Effective Solutions :
We offer monthly fixed invoices with unlimited chemical volume to meet water quality limits, equipment loaning, and cost-effective consultations.

Water Quality pH and Chlorine Control :
Improved pH and chlorine levels from 0-44% to a flawless 100%, ensuring guest safety, hygiene, and enhances their pool experience.

Cost Savings on Hidden Expenses :
IntelliPool system reduces hidden maintenance costs for pool equipment, effectively mitigating expenses.
