Cleaning Guide Summer Season

PROFESSIONAL TABLE CLEANING

Instructions for use

Pro Formula

Diversey

Unilever

- 1** Clear the table of all items and remove all loose debris.
- 2** Spray Cif Glass & Multi Surface onto the surface, or onto a clean cloth.
- 3** Clean the table.
- 4** Then disinfect, by spraying Cif Alcohol Plus onto the surface or onto a clean cloth.
- 5** Apply evenly on the surface. Leave it to work for 1 – 5 mins. Then wipe off or let air dry.
- 6** Lastly, reset the table.

PROFESSIONAL BBQ CLEANING

Instructions for use

Pro Formula

Diversey

Unilever

- 1 Remove the grids from the BBQ.
- 2 Fill the sink or a big container with warm water (50°C). Add Sun Hand Diswash according to dosing instructions on the label.
- 3 Place the grids in the water and leave it for 20-30 minutes for grease and dirt to be released.
- 4 Then remove grease and dirt further by using a BBQ cleaning brush.
- 5 Rinse with water and let the grids air dry.
- 6 Once dry, place the grids back on the BBQ.
- 7 Spray Cif Kitchen Degreaser on the outside of the BBQ or on a clean cloth.
- 8 Then wipe clean all surfaces on the outside of the BBQ.
- 9 Rinse thoroughly with water and clean cloth, let air dry.
